

City of San Antonio, Texas

Planning Study and Regulatory Plan Report for Southside Initiative Limited Purpose Annexation Areas

The City of San Antonio is proposing limited purpose annexation of the south San Antonio areas illustrated below (Southside Area 1, Southside Area 2, Southside Area 3, Southside Area 4, Southside Area 5, Southside Area 6). Limited purpose annexation allows the City to extend regulatory authority for the limited purposes of applying its planning, zoning, health and safety ordinances in the area. The City may not impose a property tax in the area until the property is annexed for full purposes, usually within three years. As a requirement of Texas Local Government Code Sec. 43-123, the City is publishing the availability of a planning study and regulatory plan regarding the proposed annexation areas. The planning study contains projected levels of development in the next 10 years with and without annexation, issues and the public benefits of annexation, economic and environmental impact of annexation and proposed zoning for the area. The regulatory plan outlines development regulations and the date of future full purpose annexation.

The planning study and regulatory plan for each of the areas illustrated will be available on the City of San Antonio web site at www.sanantonio.gov and the following sites for review.

Site	Address	Hours
